Strawberries

Strawberries are a member of the rose family.

Strawberries grow on low-lying plants that spread by runners, which are stems that grow out and produce a new plant.

Strawberries are the only fruit with seeds on the outside.

Strawberries are in season in Georgia from April through June.

The 2021 Georgia Farm Gate Value Report lists Tift, Turner, and Floyd as Georgia's top three strawberry producing counties.

In Georgia, small, family-owned farms are responsible for much of the state's strawberry production. Visit a farm to pick your own strawberries!

Reynolds, GA holds an annual Strawberry Festival each spring.
